536.204 Disclosure of the magnitude of construction projects.

- (a) For construction projects over \$10,000,000, show the magnitude in ranges having increments of \$10,000,000 (e.g.,\$25,000,000 to \$35,000,000). The contracting officer may show the magnitude in ranges using a multiple of \$10,000,000 (e.g., \$70,000,000 to \$100,000,000), but the lower figure shall be at least half of the higher figure.
 - (b) For the CMc project delivery method:
- (1) The range maximum is the total evaluated price, as described at $\underline{536.7103}(b)(3)$, that the Government will accept, inclusive of the design phase services, guaranteed maximum price option(s), and other separately priced line items.
- (2) Advanced notices and solicitations may state Government budget (*e.g.* prospectus) information for the guaranteed maximum price, as described at <u>536.7102</u>, for construction services.
